

## Let Us Help!

### **Secaucus Businesses!**

*We would love to work with you!  
Please let us know if you are  
already green or if you need  
ideas on how to make your  
company green.*

*Let us tell our residents about all  
the environmental initiatives your  
business is taking to help make  
Secaucus a sustainable  
community.*

Secaucus Environmental Department

In October, 2011 the Mayor & Town Council banned the use of Polystyrene, trade mark name, Styrofoam in the Town of Secaucus. Styrofoam is not biodegradable, cannot be recycled and pollutes our soil and waterways.

## Secaucus Wins Award!

### Secaucus Receives New Jersey Clean Communities Award!

On May 26, 2016, the Town of Secaucus was presented with an award from the New Jersey Clean Communities Council (NJCCC), "**Don't Waste Our Open Space Award**" for the town's campaign to stop, fine and prevent illegal dumping. This program is a component of a pilot program with the DEP whose goal is to monitor and strengthen our enforcement against illegal dumping.

Being partly surrounded by the Meadowlands, we understand that we have a big responsibility towards protecting the environment, especially since we live in such a fragile ecosystem.

## Our Accomplishments!

### Lucky to Live and Work in Secaucus!

Of the 565 municipalities in the state of New Jersey, the Town of Secaucus is **one of seven**, who takes the environment seriously enough to have a full time Environmental Director on staff.

This means that we can offer professional guidance to help your company **go green**.

If you have questions on how to make your company environmentally friendly or need ideas on ways to reduce your carbon footprint, please call our Environmental Director, **Amanda Nesheiwat**, at 201 864-7336. She will be happy to meet with you and steer your organization in the right direction.

Call us to discuss the many ways your company can participate to help keep Secaucus green!

**The Town of Secaucus is committed to sustainability. Let us show you how to get involved.**

## Here's What YOU Can Do!

### How Can Your Company Get Involved?

Many companies have active "*Corporate Social Responsibility*" (CSR) programs in which their employees volunteer their time to give back to the community in which they work.

Earth Week is not the only time your employees can get involved with the town and the environment! Some easy to organize year-round projects are:

- **Donate** to our **Arbor Day Tree Appreciation Campaign** to help increase the tree canopy in Secaucus;
- Have your employees **Volunteer** to do Park / Marsh / Pond Cleanups;
- **Sponsor** a youth or school group to: **1)** build bird houses, bat houses, **2)** go on an educational Hackensack River eco-cruise, **3)** clean up a park, **4)** plant a tree; **5)** plant a wildflower meadow.
- **Support** our annual Green Festival, Environmental Camp or Pollinator Program.
